

LIBERTY Dental Plan of California, Inc.

CA90 PLAN SCHEDULE OF BENEFITS Covered Benefits, Member Co-payments, Limitations & Exclusions

No Annual Deductible No Annual Dollar Amount Maximum

- Provider office pre-assignment is not required. However, members must visit a LIBERTY Dental Plan contracted CA90 dental office to utilize covered benefits. Your CA90 dental office will initiate a treatment plan or will initiate the specialty referral process with LIBERTY Dental Plan if the services are dentally necessary and outside the scope of general dentistry.
- When receiving services from a Dental Specialist, the Member Co-payments in the "Specialist" column will apply.
- Member Co-payments are payable to the dental office at the time services are rendered.
- This Schedule does not guarantee benefits. All services are subject to eligibility and dental necessity at the time of service.
- Dental procedures not listed as covered benefits are available at the dental office's usual and customary fee.
- For a complete description of your Plan, please refer to the Evidence of Coverage in addition to this Schedule.

ORTHODONTICS			
If orthodontics is a covered benefit under your plan, you will find the benefits listed on the following page.			

LIBERTY Dental Plan will arrange for you to receive services from a contracted Dental Specialist if the necessary treatment is outside the scope of General Dentistry. Your General Dentist will initiate the referral process with LIBERTY Dental Plan. When you receive services from a Dental Specialist utilizing the proper referral process, the Member Co-Payments listed in this Copayment Schedule will apply.

Classification of Metals (Source: ADA Council on Scientific Affairs)

The noble metal classification system has been adopted as a more precise method of reporting various alloys used in dentistry. The alloys are defined on the basis of the percentage of metal content:

High Noble: Gold (Au), Palladium (Pd), and/or Platinum (Pt) equal to or more than 60% (with at least 40% Gold (Au));

Titanium and Titanium Alloys: Titanium (Ti) more than 85%;

Noble: Gold (Au), Palladium (Pd), and/or Platinum (Pt) equal to or more than 25%;

Predominantly Base: Gold (Au), Palladium (Pd), and/or Platinum (Pt) less than 25%.

LIBERTY Dental Plan of California, Inc.
CA90 PLAN ORTHODONTIC COVERAGE
Principal Benefits and Coverage

Primary Dentition:	Teeth developed and erupted first in order of time.
Transitional Dentition:	The final phase of the transition from primary to adult teeth, in which the deciduous molars and canines are in the process of shedding and the permanent successors are emerging.
Adolescent Dentition:	The dentition that is present after the normal loss of primary teeth and prior to cessation of growth that would affect orthodontic treatment.
Adult Dentition:	The dentition that is present after the cessation of growth that would affect orthodontic treatment.

Treatment must be provided by a LIBERTY Dental Plan contracted orthodontic provider.
 Any procedure not listed is available at the provider's usual and customary fee.

D8660	Pre-orthodontic treatment visit	0
D8670	Periodic orthodontic visits (as part of contract)	0
D8680	Orthodontic retention (removal of appliances, construction and placement of retainer(s))	300
	Broken appointment (less than 24 hour notice)	20

Orthodontic Exclusions:

1. Lost, stolen or broken appliances
2. Extractions for orthodontic purposes, (will not be applied if extraction is consistent with professionally recognized standards of dental practice or arises in the context of an emergency dental condition)
3. Temporomandibular joint syndrome (TMJ) surgical orthodontics
4. Myofunctional therapy
5. Treatment of cleft palate
6. Treatment of micrognathia
7. Treatment of macroglossia

LIMITATIONS:

1. Prophylaxis are covered once every six consecutive months. Additional prophylaxis are available at the listed member co-payment amount;
2. Full Mouth X-rays are limited to once every 36 consecutive months;
3. Fluoride Treatments are covered once every 6 consecutive months. Additional fluoride treatments, up to the 18th birth date, are available at the listed member co-payment amount;
4. Sealants are covered only on the first and second permanent molars and up to the 14th birth date;
5. Crowns, Jackets, Inlays and Onlays are benefits on the same tooth only once every five years, and consistent with professionally recognized standards of dental practice;
6. Replacement of existing Full and Partial Dentures are covered once per arch every 5 years, except when they cannot be made functional through relines or repairs;
7. Denture Relines are covered twice per year, and only when consistent with professionally recognized standards of dental practice;
8. Any routine dental services performed by a Primary Care Dentist or Specialist in an inpatient/outpatient hospital setting, under certain circumstances, will be considered for coverage.

EXCLUSIONS:

1. Any procedure not specifically listed as a Covered Benefit;
2. Replacement of lost or stolen prosthetics or appliances including crowns, bridges, partial dentures, full dentures, and orthodontic appliances;
3. Any treatment requested, or appliances made, which are either not necessary for maintaining or improving dental health, or are for cosmetic purposes unless otherwise covered as a benefit;
4. Procedures considered experimental, treatment involving implants or pharmacological regimens other than listed as Covered Benefit (See "Independent Medical Review" in the Group Evidence of Coverage and Disclosure Form);
5. Oral surgery requiring the setting of bone fractures or bone dislocations;
6. Hospitalization;
7. Out-patient services;
8. Ambulance services;
9. Durable Medical Equipment;
10. Mental Health services;
11. Chemical Dependency services;
12. Home Health services;
13. General anesthesia, analgesia, intravenous/intramuscular sedation or the services of an anesthesiologist other than listed as Covered Benefit;
14. Treatment started before the member was eligible, or after the member was no longer eligible
15. Procedures, appliances, or restorations to correct congenital, developmental or medically induced dental disorder, including but not limited to: myofunctional(e.g. speech therapy), myoskeletal, or temporomandibular joint dysfunctions (e.g. adjustments/corrections to the facial bones) unless otherwise covered as an orthodontic benefit;
16. Procedures which are determined not to be dentally necessary consistent with professionally recognized standards of dental practice;
17. Treatment of malignancies, cysts, or neoplasms;
18. Orthodontic treatment started prior to member's effective date of coverage;
19. Appliances needed to increase vertical dimension or restore occlusion;
20. Any services performed outside of your assigned dental office, unless expressly authorized by Liberty Dental Plan, or unless as outlined and covered in "Emergency Dental Care" section.
